FOR IMMEDIATE RELEASE

**A.C.T.N.T. HEALTHCARE SERVICES, LLC ANNOUNCES TWO OF
ITS PRODUCTS SELECTED AS BEST NEW PRODUCTS OF 2007 BY THE
NATIONAL MAGAZINE “CONTEMPORARY PEDIATRICS”**

Friday, January 11, 2008—MINERAL WELLS, TX—A.C.T.N.T. Healthcare Services, LLC, a provider of healthcare education and related products, announces that the two of its pediatric products were included in the best new products of 2007 in the December 2007 issue of the national magazine, *Contemporary Pediatrics*. The **PEDI Slide Chart™** and **Pediatric Emergency Reference Cards** were chosen from hundreds of products for this prestigious honor. Both products have been on the market for less than a year but are already considered indispensable in any pediatric emergency care setting. Users include hospitals, EMS, Surgical Centers, First Responders and Physician offices. To have two products from the same company chosen for this honor is considered unique.

ABOUT CONTEMPORARY PEDIATRICS

“Contemporary Pediatrics is known for its comprehensive and practical approach to childhood treatment and wellness. Articles are written by thought leaders and emphasize diagnosis and treatment on topics ranging from behavior to infectious disease. Published monthly, Contemporary Pediatrics reaches 50,190 pediatricians and is ranked #1 among readers”.

ABOUT A.C.T.N.T. HEALTHCARE SERVICES, LLC

A.C.T.N.T Healthcare Services has been a leading provider of healthcare education and related products since 1994. These offerings include Pediatric Advanced Life Support (PALS) and many other nationally recognized advanced life support courses. In addition, A.C.T.N.T. Healthcare Services has developed many related products that assist the healthcare provider during urgent/emergent situations in the healthcare setting, including the widely acclaimed Code Card™ products.
